

## ORIGINAL PLACE NAMES IN ARCTIC LANDS

Explore the [StoryMap](#) about original place names and complete the four activities mentioned in the StoryMap. Afterwards, review what you have learned by adding the following layers and information onto your map.

- The borders of the four (4) Inuit Nunangat regions
- The locations of five to seven (5-7) Inuit communities and their place name meanings. Make sure at least one community is located in each region of Inuit Nunangat.
- The boundaries of three (3) national parks

### Your community

Now that you have learned more about place names and their meanings in Canada's northern communities, investigate the history behind your community's name, or the name of a street, building, park, or place located within your community. Share your learnings with the class.
