

LEARNING FROM THE LAND

Explore the StoryMap [Learning from the land](#). As you are reading through the StoryMap, there are many opportunities to learn more by clicking on the buttons and hyperlinks provided. Select one perspective to learn more about and complete the K-W-L table below.

| What I know | What I want to know | What I learned |
|-------------|---------------------|----------------|
| | | |

Brainstorm ways to connect to your local environment

Now that you have learned about some of the various Indigenous perspectives on connecting to the land, consider your local environment. Complete the table below and brainstorm how you can connect to your local environment and to whom you could reach out to learn more.

Your community's name: _____

Your regional land acknowledgement: _____

Seasons:

What observations can you make about what happens in each season?

| Spring | Summer | Autumn | Winter |
|--------|--------|--------|--------|
| | | | |

Taking action!

Who would you like to connect with to learn more about the land in your local environment?
