

1 Who Are the Participants in Marine Month 2025?

Marine Sector Careers Handout

Using the information available on the Canadian Marine Careers Foundation [website](#) and [career opportunities](#) page, work with your partner(s) to answer the following questions:

1. What are some of the job titles you discovered on the website that align with the careers you brainstormed earlier? What are the responsibilities and tasks involved in those jobs?

2. Did you come across any careers that you hadn't considered before? How do they contribute to the marine sector?

3. Can you identify two or more jobs that are interconnected or collaborative in nature? What are they and how might individuals in these different roles work together?

4. Are there any careers that caught your attention and that you would like to learn more about? Why did they interest you? What kinds of skills are needed to do those jobs?
